You Said … Telephone support lines are valued, however the Focusline number is often engaged.

We Did … We passed this feedback to the commissioners and made a recommendation for them to address the access issues to Focusline.

“"We are reviewing help lines (recognising the difficulties in accessing Focusline) and want to increase mental health support to the 111 service so there is one place people can turn to and get access to the right advice and if needed help.”

Clinical Commissioning Groups in Derbyshire

You Said … People told us that they felt ‘passed around’ between services pre-crisis, and felt there was a lack of coordination between services.

We Did … We passed this feedback to the commissioners and made a recommendation for services to develop coordination of, and show real ownership of developing crisis situations.

“We will improve the relationships between community and urgent care services so that people do not have to contact more than one service in an emerging crisis. Also, consider better links between mental health specialists and General Practitioners (GP).”

Derbyshire Healthcare NHS Foundation Trust

You Said … People told us that they felt unaware of where to go and what to do when needing support.

We Did … We passed this feedback to the commissioners and recommended that services should provide clear information about where to go, and what to do in a developing crisis situation.

“We have plans to develop community resilience, self-help and other ways of preventing crisis occurring and enabling people to manage in their communities. This will include better information and sign posting on where to get help.”

Clinical Commissioning Groups in Derbyshire
You Said …
In relation to comments around inpatient units people felt there was:
- Distress caused by supervised toileting and showering
- No relationship with named nurse
- A lack of activities
- A lack of awareness of physical health needs
- A lack of time with staff
- Little awareness of, or value placed, on advocacy
- Self-harm risks in rooms at The Priory Hospital (Cheshire).

We Did …
We passed this feedback to the providers of the inpatient units in Derbyshire and recommended that they address these issues.

You Said …
People told us that police did not always identify and respond to potential overdoses, restraint was not always explained and there was the occasional use of prison cells.

We Did …
We passed this feedback to the commissioners and Derbyshire Constabulary and recommended that they:
1. Address police issues to identify and respond to potential overdoses
2. Police need to explain restraint when used
3. Seek to minimise use of police cells for people in a mental health crisis.

You Said …
A number of people told us that they had difficulties with access to, availability of and continuity with their Community Psychiatric Nurse (CPN).

We Did …
We passed this feedback to the service providers and recommended that they maximise access to, availability of and continuity with CPNs.

HWD will review the actions taken against the recommendations in six months’ time.
